

UK Mega Technology Mission Malaysia 2017

9 - 11 October 2017, Malaysia

Showcase your capabilities to a growing Asian marketplace

From the 9th to 11th October, the Department for International Trade (DIT) will lead a UK trade mission to Malaysia providing unprecedented access to strategic partners driving Malaysia's technology growth.

The event is a collaboration with DIT Malaysia and exclusive partners, Global Entrepreneurship Movement (GEM), SME Corporation Malaysia and the Malaysia Digital Economy Corporation (MDEC).

UK companies are invited to showcase their capabilities to a growing Asian marketplace with bespoke 1-2-1 meetings with potential partners and market experts; exclusive networking events and site visits to Iskandar, Johor.

Why attend?

The Mission will comprise the largest-ever delegation of UK technology companies to Malaysia. Together with leading industry players in market, DIT Malaysia has identified opportunities in a number of sub-sectors in Malaysia that match UK strengths: connected IOT (smart technologies); data analytics; cyber security (information security); e-commerce; cloud; fintech; AR; VR; AI and telecommunications. Participation will provide a unique opportunity to:

- Meet and network with leading industry players in Malaysia
- Explore business prospects in Malaysia and UK
- Drive forward innovation, R&D, talent partnership and funding opportunity

Participation in the trade mission is free but flights, accommodation and all travel costs must be met by participants. For more information, please contact us [here](#).
