

Doing Business in ASEAN

Join the Department for International Trade (DIT) South East, in collaboration with the UK-ASEAN Business Council (UKABC) to discover more on how your business could thrive in South East Asia.

South East Asia presents a unique opportunity for British investment to explore a region which is strategically placed, dynamic, high in growth and has strong demographics. It is one of the most fast-moving and competitive regions in the world.

The Association of South East Asian Nations (ASEAN) is the third fastest growing economy behind India and China, and in fact actually attracts more foreign inward investment than China. ASEAN includes 10 diverse markets ranging from the advanced and accessible economies of Singapore and Malaysia to the developing, high-growth markets of Cambodia and Myanmar and it is no exaggeration to say that there are opportunities for UK companies across all sectors.

During this event, delegates will enjoy:

- Presentations from market, cultural, industry and exporting experts
- Hearing from companies who have already successfully exported to the region
- Q&A panel session
- Opportunity for 121 appointments with our experts

Date: 28 November 2017

Time: 10:30 - 14:30

Venue: Eastwell Manor, Ashford, TN25 4HR

Cost: £40 (inc VAT)
