

Myan Shwe Pyi Tractors Ltd (MSP CAT)

Myan Shwe Pyi Tractors Limited (MSP CAT) is the authorized Caterpillar dealer in Myanmar and we offer complete customer solutions for a wide range of industries such as construction, transportation, agriculture, mining and quarrying. MSP CAT also plays a role in meeting power requirement of Myanmar by providing fully integrated Power System solutions based upon all power generation methods. Distribution of oil & gas, marine, industrial and locomotive engines is also a significant portion of MSP CAT's business. We provide superior product support throughout Myanmar with Caterpillar and in-house trained technicians and maintain a substantial parts inventory in Yangon and at our fourteen branches strategically located around the country. Apart from Caterpillar, MSP CAT also represents other manufacturers of high quality equipment complementary to Caterpillar's range. These include Lamborghini farm tractors, Celli farm implements, Fiori all-terrain mobile concrete batching plants, Sullair compressor, AllightSykes Pumps, Linnhoff asphalt plants, Lefort baling and shearing machines and Metso Minerals Crushing Products. We are committed to operate our business responsibly and are contributing to the community through the following initiatives.

Apprenticeship Programs - MSP CAT provides Service Technician training to young high school graduates who may not have the opportunity to pursue university education. The apprentices are provided an access to world class Caterpillar Service Technician training.

Partnership with Centres of Vocational Training - MSP CAT takes on the role of a training company to provide on-job training to the apprentices from CVT (Centre of Vocational Training). In addition, MSP CAT and Singapore Myanmar Vocational Training Institute have jointly set up a Diesel Engine Technology Lab at SMVTI facility to introduce the training of Diesel Engine Technology as an elective module.

Education for the future - MSP CAT group companies have built a number of schools and library buildings in remote areas of Myanmar to assist in providing basic quality education in rural areas. 10 schools have been built to date, with combined capacity for nearly 2,300 school children.

Prevention of Blindness Campaign - MSP CAT is one of the financial contributors to HKI (Helen Keller International) in prevention of Blindness and Malnutrition campaigns in Myanmar.

Prevention of HIV/AIDS - MSP CAT is a signing member of Myanmar Business Community Charter on AIDS and President Trophy Donor in support of MBCA to implement Ministry of Health's National Strategic Plan for HIV/AIDS.

Sport - MSP CAT actively supports Myanmar Cycling Federation for competitive cycling and also to create awareness in social, environmental and health benefits of cycling nationwide. As part of our vision, MSP CAT is fully committed as the ultimate solution provider for our customers in the business sectors we serve. We see Myanmar's strategic location as a competitive advantage among regional economies and the country developing into a strong trading and logistics hub. In order to support this vision, we continue to expand our capabilities in providing quality Caterpillar products and unmatched product support especially in electric power generation, transportation, oil and gas, construction, agriculture and resource industries.
